

REMARKS

Applicants gratefully acknowledge receipt of the Notice of Allowance dated June 25, 2010, in which claims 29-32 and 34-37 of the present application were allowed.

This paper presents an amendment under 37 C.F.R. §1.312 to correct a minor typographical error in line 9 of claim 37 as presented subsequent to the Examiner's Amendment on pages 2-5 of the Notice of Allowance. No new matter is added by this amendment, and no further search or consideration is required.

MPEP §714.16 states that an Examiner "has authority to enter amendments submitted after Notice of Allowance of an application which embody merely the correction of . . . formal matters in a claim without changing the scope thereof . . . without forwarding to the supervisory patent examiner for approval."

Because the amendment presented in this paper includes only a correction of a formal matter in a claim without changing the scope thereof, Applicants respectfully request that this amendment be entered in accordance with 37 C.F.R. §1.312 under the Examiner's authority as specified in MPEP §714.16.

Respectfully submitted,

/des/
